June 22, 2023

Dear Piera,

I would like to extend my thanks to you and the entire body of the Accademia del Cinema Italiano for honoring *THE FABELMANS* as the Best Foreign Film for 2023. As you know, this film is very special and could not be more deeply personal to me, so your appreciation of it means a great deal. To be awarded by The Academy of Italian Cinema, the home of so many of my heroes, all the men and women who have inspired my work throughout my life and career and whose courage to share their own personal stories gave me the foundation of courage to share mine. My producing partners Kristie Macosko Krieger and Tony Kushner share in the award, and in my thanks.

Warm regards,

SS/bl
